

Tree and Landscape Committee minutes:  
Jan 2, 2007

Attendance: Joe, Lynne, Lisa M, Linda, Shawn, Mark , Barth Humberg

Old Business

Centennial – Plan to ship tree in early March and cover with mulch. Was not able to get bare root trees at this size ( 2 ½” caliper). Used Patricia Joyner’s spec sheet to pick trees. Shipping via refrigerated van to make certain trees stay dormant. Trees cost \$2970 and shipping is \$3073.

Soil prep for project is almost finished. Shawn used 160 yards of soil. Need to relocate Vine maples and plums.

Mulch is coming from Snohomish and Everett. Will stage some at Centennial and put the rest at city shops.

We will also get a paper bark multi stemmed maple for planting at Blatchley.

RTRP – City will do bulk mailing – need to get 4,000 “How to Plant a Tree” – Lisa M will request this from Patricia Joyner.

Lake and Lincoln – Lynn will write a memo to the assembly requesting reallocation of funds. Will be on Jan 23<sup>rd</sup> agenda.

New Business

Barth discussed Thimbleberry / Heart lake trail – wants to transplant berries and trees. Asking for volunteers for this spring.
