#### Old Business

none.

#### New Business

Centennial Building Project: Joe presented the draft concepts for the Library and Centennial hall. We had a long discussion of the pros and cons of each option. The group was pleased that both projects are included as a whole space. Our major concern is the lack of green space in front of the building. We discussed our role with city projects – our group should be included in the planning process for city projects. We decided to write a letter to the Public Works department and copy it in a letter to the editor. Lisa B volunteered to write the letter then email it to all members for their approval before sending it.

Next Meeting date is October 11<sup>th</sup>.
