Ainslie described the request for final plat review of a minor subdivision that was seen by the Commission on the February 17th meeting for preliminary plat review. Ainslie described the proposal as a minor subdivision resulting in two lots that had previously been merged in 1992 to facilitate the placement and construction of 2 four-plexes. Ainslie noted that although the buildings had 2 addresses, they were legally one lot. Ainslie explained that staff had considered the risk of creating non-conformities with the zoning code as well as impacts to noise and traffic. Ainslie stated that no such risks were present as both lots would meet current development standards and the lots were fully developed so no additional noise or traffic would result from the proposal. Ainslie noted that the buildings had separate utility connections and explained that the water line was 6" in diameter and the wastewater line was 8" in diameter. Staff recommended approval.

The applicant, Todd Fleming, was present. Having no further questions, the Commission excused the applicant.

M-Riley/S-Alderson moved to table the item until the end of the meeting to give time for the applicant to attend.

M-Alderson/S-Mudry moved to approve the final plat to result in two lots at 230 and 232 Lance Drive in the R-2 Multifamily district subject to the attached conditions of approval. The property was also known as Lot 7A of the Niesen Addition No. 2 Resubdivision. The request was filed by Todd Fleming. The owner of record was Hardshot Enterprises, LLC. Motion passed 4-0 by voice vote.

M-Alderson/S-Mudry moved to adopt the required findings for a final plat as listed in the staff report. Motion passed 4-0 by voice vote.

- C** [P 21-03](#) Public hearing and consideration of a final plat for a lot merger for the properties at 4654 and 4658 Sawmill Creek Road in the GP Gary Paxton special district. The properties are also known as Lots 17 & 18, Sawmill Cove Industrial Park Resubdivision No. 1. The request is filed by City and Borough of Sitka – Department of Public Works. The owner of record is City and Borough of Sitka.

Ainslie introduced the request for a lot merger at 4654 and 4658 Sawmill Creek Road to facilitate construction of a new membrane water filtration facility. Ainslie described the current uses for the lots as ultraviolet water treatment facility and a vacant facility. Ainslie described the lots as flat with a gentle slope descending from Sawmill Creek Road, accessed from the east and west sides. Ainslie stated that the proposal met zoning code requirements for dimensional standards and did not create non-conformities with the zoning code. Ainslie explained that the proposal would also serve to correct an error from previous Department of Transportation platting and modified the current platted easement to reflect the actual drivable surface, thereby opening up additional land as developable area. Staff recommended approval.

Dan Kirsch, who represented the applicant, was present. Having no questions, the Commission dismissed the applicant.

M-Mudry/S-Alderson moved to approve the final plat for a lot merger of the properties at 4654 and 4658 Sawmill Creek Road in the GP Gary Paxton special district. The properties were also known as Lots 17 & 18, Sawmill Cove Industrial Park Resubdivision No. 1. The request was filed by City and Borough of Sitka – Department of Public Works. The owner of record was City and Borough of Sitka. Motion passed 4-0 by voice vote.

M-Mudry/S-Alderson moved to adopt the findings as listed in the staff report. Motion passed 4-0 by voice vote.

Ainslie read the priority actions previously identified for Historical, Cultural, and Arts Resources and Borough Facilities sections of the Comprehensive Plan. Ainslie read the short-term actions listed in the Historical, Cultural, and Arts Resources section. The Commission agreed to include HCA 5.1c to the Commission's priority action list. Riley asked if there were design standards for interpretive signs to create design uniformity. Ainslie replied that she was not aware of any design standards for interpretive signs.

The Commission expressed interest in collaborating with the Historic Preservation Commission and Public Works along with other potential stakeholders to establish a naming policy.

Ainslie read the short-term actions listed in the Borough Facilities section of the Comprehensive Plan. Alderson identified BFS 2.2 as an on-going item but suggested

public notice and public engagement methods could benefit from additional attention. Riley requested that the Commission and the city consider sustainability initiatives for borough facilities. Ainslie responded that the climate action task force would create the vision that lead to the establishment of policy.

No action taken.

E [MISC 21-03](#) Review of Use Tables in SGC 22.16.015

 [Table 22.16.015-2 Cultural & Recreational Uses](#)

The Commission took a recess from 7:38 to 7:50pm.

Commissioners reviewed the Cultural/Recreational Use Table (SGC 22.16.015-2) and discussed each item listed in the table. Staff made notes on possible additions, changes, and clarifications. The Commission discussed appropriate zones for radio stations, amusement and entertainment uses, and personal use docks. Staff noted that definitions would be needed for the parks and recreation, resort, and amusement and entertainment uses and clarity was necessary between the different personal use dock types.

No action taken.

VIII. ADJOURNMENT

Seeing no objection, acting chair Windsor adjourned the meeting at 9:11pm.
