

**City and Borough of Sitka
Parks and Recreation Division
Sport Field Use Permit**

In May of 2010 the City and Borough of Sitka Assembly set fees for organized team use of CBS ballfields by youth club sports teams, community schools soccer and adult softball. Sports fields are available for use by the general public on a first-come, first-served basis when not in use for scheduled league or club activities.

The fee charged is \$5 per player for Community Schools sports (youth club soccer, youth football and adult baseball), Little League and other organized recreational activities that regularly use a CBS sports field. Adult softball is \$250 per team. All fees are due after league registration is complete or before the first game of the season whichever comes first. Specific maintenance requests must be made at least two weeks in advance of the scheduled event.

Field scheduling is the responsibility of each league, sport or recreational user group. **Player fees and field use schedules (practices and games) must be submitted prior to each league's first game for fields to be "reserved".** Copies of the field use schedules must be submitted to the Public Works office on the second floor of City Hall. Sport Field use fees can be paid at the Utilities Counter, located on the first floor of the Municipal Building (100 Lincoln Street) during regular business hours, Monday through Friday, 10:00 am to 4:00 pm.

Thank you for adhering to this policy.

General Stipulations for Sports Field Use

The field use policies establish guidelines for organized team/group use of City and Borough of Sitka ballfields. Municipal Parks and Recreation staff will fairly and consistently enforce this policy. Tournament deposits will be forfeited if fields are not left in a litter free condition.

I. General Policies

- A. All municipal parks are open from 6 AM to 10 PM daily. Walk-on use is permitted on City and Borough of Sitka fields. Teams who have scheduled field time should post a game and practice schedule at each ball field as well as any schedule amendments to avoid conflicts with other players and teams. The field must be vacated if a scheduled team arrives to use the field. The City reserves the right to limit or prohibit an organized group from using a field if permit or schedule has not been submitted to the City.
- B. Fields are available for organized team use March 1 through October 31. Fields are closed to scheduled game play as of October 31 each year. Some fields may be closed if conditions dictate.
- C. All coaches must be notified of field use policies, game and practice schedules by league officials.
- D. **Fields must be left in a litter free condition. Please do your part and leave the parks cleaner than you found them.** Teams that have repeated violations of this field use requirement may be asked to forfeit use of fields for a portion of or the remainder of the season. **No refunds.**

II. Field Assignment
