C. Approval of the Reports from the Child Care and Elder Care Working Groups

Evans commented on the final report, condensed from 8 to 6 recommendations, included proposed amendments to recommendation one, changing "FY26" to "FY27" and "2% excess tax" to "2% tax on alcohol." A typo in recommendation 1C was also pointed out. She thanked the Early Childhood Coalition for their research and data, as well as the City Administrator and Melissa Wileman for their collaboration. She noted that some language changes were based on post-report feedback. Additionally, suggestions were made to narrow the options to a primary recommendation with potential alternatives and discussed whether an ordinance should be drafted first or if an advisory community vote should inform the ordinance language later.

Kavouras moved to approve the Child Care Final Report. Motion passed unanimously by a voice vote.

Discussions were had on focusing on balancing the needs of younger and older populations, particularly through potential revenue from alcohol taxes. It was proposed that excess funds be allocated to elderly services, including creating a part-time or full-time position in the Parks and Recreation department. The Commission emphasized the importance of coordinating care for both seniors and children and collaborating with organizations like the Sitka tribe and Southeast Regional Elder Care (SREC) to host a healthcare day for seniors.

Roberts moved to approve the Elder Care Final Report. Motion passed unanimously by a voice vote.
