## **Vessel Safety Briefing:**

- Radio stays on channel 16 (coastguard)
- Satellite texter (inreach and SOS button) located on dash of boat
- First aid kits and flares stored underneath the captains chair

## **Goddard Hot Springs Etiquette:**

- The Hot Springs are on a first come first served basis, so there is no guarantee of getting a spot. There are two tubs with hot and cold water valves facing the ocean and a natural “mud tub” just inside the trees.
- Please leave the hot and cold valves shut off when done - there should be a small trickle of water coming out of each valve.
- We will spend between 1-2 hours at the hot springs - enough time to enjoy and experience the tubs while leaving time and space for other groups to enjoy them.
- You will clean up after yourself and leave the area nicer than you found it. Also picking up trash in your area that may have been left from previous groups.
- Double check all of your personal items.
- The boardwalk is slippery, especially when wet. Be careful!
